

Commercial License Certificate

ModelNest – Global Commercial License

Issued by: Patrik Jackmass

Website: <https://modelnest.net>

License Type: Subscription-Based Commercial License

Effective as of purchase date

Issued to: Valid subscription holder (by email and order ID)

License Grant

This document certifies that the holder of an active commercial license subscription is granted the non-exclusive, non-transferable right to:

- Use any current or future 3D models obtained legally from ModelNest.net
- Create physical 3D-printed objects based on these models
- Sell physical 3D-printed products (e.g. in a shop, online, or at events)

Conditions

- This license is valid only while your subscription is active.
- The license applies to all models legally obtained from ModelNest.net.
- You are **not allowed to** share, sell, distribute, or modify and redistribute the digital 3D files themselves.
- Attribution is not required but always appreciated.
- This license is **for one individual or business** and **cannot be resold or sublicensed**.

Verification

If needed for verification (e.g., on a marketplace or business platform), please present this certificate together with your payment receipt or order ID.
